

Intensive revision timetable for the month of February is given. If required, timing of breaks and lunch may be changed so that there shall be minimum students in washrooms and at washbasins at a time.

Students who have submitted the consent letter either for Periodic Test 3 or for classes can carry the same consent letter. Those students who are coming for the first time should carry two copies of consent letter signed by parents. If no consent letter, students will not be allowed to attend the class.
