

Dear Parent, please go through the following:

### **PT3 Examinations and Olash Upload**

There were some technical issues in the Olash in uploading the answer sheets after the PT3 examinations in the first two days. Therefore, teachers may ask you to resubmit the answer sheets of certain subjects. If you are asked to upload again, please upload the answer sheets of the same examination at the earliest.

### **Office Holidays**

School & Kindergarten office will remain closed from 23-12-2021 to 28-12-2021 for Christmas vacation.

### **Offline Classes in the Month of Jan, Feb & Mar 2022**

Those who could not mark your option in School Digital to come to school in the month of Jan, Feb & Mar 2022 can do it so again till 27-Dec-2021, 11:30 am. Please mark your choice as early as possible. It will not be extended again. Phone calls to join the offline classes after the last date will not be entertained.

In the Circular No: 58 dated 06-12-2021, it was given that there will be classes from 8:20 am to 3:00 pm in the month of Jan, Feb & Mar 2022. It is learned that the government of Kerala has not yet granted permission to have full day classes. Therefore, class timing will be from 8:20 am to 12:10 noon from 03-Jan-2022. If the government of Kerala grants permission to have full day classes, then we too will have classes till 3:00 pm. If the government grants permission, then newspapers will report the same and the same information will be passed through School Digital too.

Parents will be informed of the number of days and shifts by 30-Dec-2021 after getting the number of students attending the offline classes.

### **School Bus in the month of Jan, Feb & Mar 2022**

There is not enough registration for running the school buses in all the announced routes. Therefore, with the intention to run the school buses to enable students to come to school in the month of January, February and March 2022, we tried to combine the routes in such a way that maximum number of registered students shall be benefitted. Now, the modified/combined bus routes are given and its corresponding google form is also given.

All those who want to make use of the school bus can mark your option. All those who have already marked in School Digital and those who have already selected your bus stop in google form also need to fill the new google form.

If the number of students who fills the new google form is more than the seating capacity of the bus, then those who have chosen their bus stop in the previous google form will be given first preference. Second preference will go to those who did not fill the google form, but marked your option of choosing the school bus service in School Digital. Third preference will go to the siblings of the students in the above order. Next preference will go to the students who is having more distance from school with their sibling as per the availability of the seats in the bus.

Link of the google forms for the combined/modified google form is given below:

1. Combined Bus Route of Fort Kochi 1 and Fort Kochi 2 -
