

Dear Parent

School celebrates the season of Christmas & New Year as the Season of Thanks Giving. In connection with Thanks Giving, school used to collect different items from the students and distribute them to the needy through the selected charitable institutions in Kochi. Items to be distributed are assigned to each class/division. Students of higher classes will be visiting different charity centers and will distribute the collected items. Students used to perform some programme at the center during the distribution.

Let's teach our children the virtue of benevolence during this season. Encourage your children to partake in Joy of Giving using their pocket money. Looking forward to your kind co-operation. Please send
..... towards Joy of Giving between 24-Nov-2022 and 01-Dec-2022.
