

21-Jun-2020

Dear parents

Thanks to all who participated in the Video Viewing Load Test. There were 313 logins at 7:04 pm. I was expecting at least 1000 logins at a time. Please see the screenshot of google analytics taken at the peak of the logins.

Relevant portion of the grading of the viewing experience is also shared.

Thanks to all who spared time for the load test.

Principal
